

Group Quality Policy

The Fuji Seal Group (hereinafter referred to as FSG) has established the Our Credo – "Each day with renewed commitment we create new value", stated in the Code of Ethics, to comply with all applicable laws and regulations in each country and region in which the Group conducts its business activities in a sincere and ethical manner (compliance). We have established this policy as part of our management activities to put this policy into practice.

Article 1

The quality in FSG is not limited to products and services, but aims to achieve quality that meets all requirements, including Price, Delivery, Speed, and Safety to Consumption. We will fulfill our responsibilities to realize the Regenerative society by improving the quality of our whole business.

Article 2

We aim to create high-quality products and services that are rich, happy, pleasant, and reliable to society and consumers through creating unique, high-value-added products, services, and business models as well as packaging that is friendly to people and the environment.

Article 3

We will ensure that all employees are fully aware of this policy, and each employee always has a high awareness of the problem.

We will thoroughly implement the **Sangen Principle* (現場 Actual place/ 現物 Actual part/現実 Actual situation) and practice quality improvement that captures the essence of problems and issues.

**Sangen Principle*; go to the site, make a direct observation, and determine the facts
